

# Holmes Chapel Comprehensive School & Sixth Form College

## IT

### Core knowledge and skills you will need for September

1. An appreciation of different types of user interfaces on different devices used by individuals and organisations.
2. Able to plan projects.
3. Constructing websites on Google Sites.
4. A clear grasp of spreadsheets and the use of formulas and functions to model scenarios.
5. Able to meet deadlines.

Access lessons via the Google classroom for each Year 9 Computing class. Choose from:

- Getting BTEC IT Ready: Spreadsheets
- Getting BTEC IT Ready: Project management
- Getting BTEC IT Ready: User Interface Design
