

CareerPilot

Year 7 Future Pathways

This lesson you get the chance to use a piece of software called “Career Pilot” that helps young people think about the world of work and the different types of careers available.

The World is Changing at an incredible pace

What will your place be in this ever changing world?

Future Pathways is designed to help you consider the options and find pathways that you might like to explore in the future.

Career Pilot

This is a software programme designed to help students throughout their school career from Year 7 to Year 13.

We will be exploring the different parts of the website at different points and it will help you:

1. Gain an appreciation of different jobs and the criteria/ skills required
2. Consider the wider issues for options choices at GCSE and A-Level
3. Explore the pathways beyond school and college

Setting up “Career Pilot”

Register

A screenshot of the careerpilot.org.uk website. The browser address bar shows 'careerpilot.org.uk'. The navigation bar includes 'Home', 'Adviser Zone', 'Parent Zone', a search bar, 'Sign in', and 'Register'. Below the navigation bar is a main menu with 'All info -', 'Jobs', 'Courses', 'Providers', 'Qualifications', and 'Videos'. The main content area features the text 'All the information and tools you need to explore your future career' and a 'Watch our video' button. Below this is a section titled 'Where do I start?' with three numbered steps: '1. Start with you', '2. Explore your options', and '3. Plan your next steps'. A 'Career Tools' sidebar on the right lists various user-specific tools like 'Dashboard', 'My Skills Profile', 'My Subjects', etc.

careerpilot.org.uk
