### What does the course involve?

The Pearson BTEC Tech Level 2 Certificate qualification in Health and Social Care has been developed to:

- give full-time learners the opportunity to enter employment in the Health and Social Care sector or to progress to Level 3 vocational qualifications
- provide education and training for Health and Social Care employees
- give opportunities for Health and Social Care employees to achieve a Level 2 vocationally specific qualification
- give learners the opportunity to develop a range of skills and techniques, personal skills and attributes essential for successful performance in working life.

### Further Study/Employment Prospects

These qualifications have been developed in the Health and Social Care sector to:

- provide education and training for Health and Social Care employees
- give opportunities for Health and Social Care employees to achieve a nationally recognised Level 2 vocationally-specific qualification.
- give full-time learners the opportunity to enter employment in the Health and Social Care sector or to progress to vocational qualifications such as the Pearson BTEC National Level 3 in Health and Social Care.
- give learners the opportunity to develop a range of skills and techniques, personal skills and attributes essential for successful performance in working life.

### Skills you will develop

The portfolio-based approach to assessment will also support the development of communication skills such as extended writing and drafting, critical skills of analysis, teamworking, working from a prescribed brief, working to deadlines, presenting information effectively, accurately completing tasks and processes and study skills such as research and time management. These skills will help support progression to level 3 and any future chosen course.
